

# Connect it to Christ

Helping youth connect to the Savior in EVERY activity/lesson

“So no matter what you are teaching, remember that you are really teaching about Jesus Christ and how to become like Him.”

Teaching in the Savior's Way, Part 1

“Jesus Christ can strengthen you. He can help you change your desires, your thoughts, and your actions. When you are worried, afraid, or struggling in any way, He will comfort you. He will help you in all aspects of your life.”

During or toward the end of an activity, take the opportunity to help youth connect what they're doing to Christ. This can be done individually, in a small group, or with everyone. These 3 steps can help organize your thoughts:

## 1. What did you notice or learn?

- During the activity tonight, I noticed that...
- I observed something that (Sally) did that...
- I really liked how you...
- When we were trying to...
- It was really funny when...
- (Bobby) taught me something tonight when he...
- 
- 

## 2. Connect it to Christ

- This reminded me of the Savior's love for each of us...
- I compared this to the Savior's power to...
- I think that this was just like our Savior's mercy...
- This is similar to how we develop a relationship with Jesus Christ...
- I was thinking that this is like our efforts to be more like Jesus...
- 

## 3. Testify of Christ (you or them)

- I know that our Savior is...
- I have seen this in my own life when...
- I love that Jesus Christ is...
- I believe that when we...
- (Helga), will you share with us how this experience...?
- Does anyone have any thoughts or feelings they would want to share?
